

Camp Mystic has again partnered with Lice Clinics of America to continue the same trusted head lice screening and treatment services you have grown accustomed to. We ask you to please visit one of the participating Lice Clinics of America locations listed below within **7 days of your daughter's Opening Day**. This pre-screening is \$25/camper and will allow your daughter to **SKIP THE HEAD CHECK LINE** on Opening Day and skip the hassle of lice at camp. Please note that only these **select** clinics are participating in Lice Clinics of America's pre-check program to provide proof of your screening to Mystic.
